

Mike The Monarch

Hail to the Chief!

You brought a lot of new volunteers!

Yep! All American presidents!

The father of our country--
George Washington!

I cannot tell a lie; I cut
down that buckthorn!

Nice teeth.

Commercial use
of buckthorn.

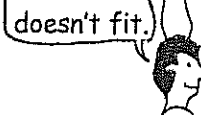

Mr. Independence--
Thomas Jefferson!

It's self-evident;
Garlic mustard has
to go!

This clock
doesn't fit.

Cut a hole
through the floor.

The rail splitter--
Abraham Lincoln!

Four score and seven
species of
native plants!

With malice toward none,

Except Baron Buckthorn!

Founder of the National Park system
Theodore Roosevelt!

Speak softly and carry
a big bow saw!

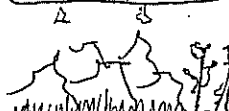

How do you act
toward buckthorn?

Like a Bully!

Our wartime leader--
Franklin D. Roosevelt!

The only thing we
have to fear, is
invasive species!

A prescribed burn--
I like this kind of
fireside chat!

That man from Missouri--
Harry S. Truman!

If you can't stand the heat,
move away from the brushpile!

Give 'em hell, Mike!

Our Camelot president--
John F. Kennedy!

Ask not what your environment
can do for you--ask what you can do
for your environment!

Invasive weeds & shrubs are
gone--it's a new frontier!

He passed the Clean Air Act--
Richard Nixon!

Let's make our prairies
perfectly clear!

What's for lunch?

I am not a cook!

Be a good American--
Volunteer!

That's an executive order!
